Reclaim 14-15.6

Clamshell notebook bag made of recycled PET

Reclaim securely protects your notebook thanks to the HDF (High Density Foam) cushioning that surrounds the lockable notebook compartment. This bag is part of our Reclaim collection that consists of notebook cases made primarily from recycled PET. Recycled PET is a type of polyester that has a considerably lower impact on the environment compared to newly produced polyester. The collection is one way DICOTA is making a substantive contribution to lower our environmental footprints.

The bag also has a metal frame that adds further protection and the notebook is kept safely in place in the bag with the help of a tie-down strap. Reclaim comes with a padded divider which allows optimum sizing of the notebook compartment. Cables can be stored in the separate cable bag. There is room for documents in the two slip pockets, one on the back of the case and one inside in the main compartments. Accessories such as mobile phone and pens can be placed in the designated compartments in the spacious front pocket. You can carry the bag in the comfortable handle or use the detachable and adjustable shoulder strap. Reclaim can also be attached to a roller thanks to the trolley belt.

14-15.6

Art.No.: D30459

Weight: 0.84kg / 1lbs, 13.6ounces

≤ 14.96 x 1.57 x 10.43 inches
≤ 380 x 40 x 265 mm

≤ 14.96 x 1.57 x 10.43 inches
≤ 380 x 40 x 265 mm
